## 12<sup>TH</sup> BERLIN CONFERENCE AND NEW YEAR'S RECEPTION

Development of the European  
Financial Market 2016  
New Challenges through EU Regulations

**THURSDAY, 14 JANUARY 2016**

## DEAR MEMBERS AND GUESTS,

You are cordially invited to our 12<sup>th</sup> Annual Berlin Conference

### “Development of the European Financial Market in 2016 New Challenges through EU Regulations”

and the BCCG New Year's reception.

Like a barometer, financial markets depict forthcoming changes of high and low. And they are the leading tie between savers and investors, allowing prosperity and growth. Therefore, most significantly are signals sent out from Europe. Only a few years ago, Europe was regarded around the world as role model for successful economic and political integration.

Today, Europe is confronted with enormous challenges, from the unsolved sovereign debt crisis to the refugee question. Investors worldwide are irritated about the discussion of a „variable geometry“ of the Euro-area and the EU market. Britain with its political and economic power and market orientation is a prerequisite for future success of integration. Thus, the British-German dialogue must not break down.

You are invited to discuss these and related topics with us. We are looking forward to seeing you at the event.

Kind regards,

Norbert Strohschen  
President

Andreas Meyer-Schwickerath  
Managing Director
