

British Chamber of Commerce in Germany

Social Programme of the Annual General Meeting Munich, 30th April 2010

**Experience the impressive flair of the adorable „millions village“ upon Isar –
A very special city walk and sightseeing of this royal city.**

You are invited to follow one of the best knowledgeable guides through the historic inner city of Munich, where 850 years of history show their best sites. Like Marienplatz, where the world famous bell tower attracts thousands of visitors three times a day, or the Viktualienmarkt, which offers wonderful samples to anyone fond of authentic foods. And then there is the mid-eaval Alte Hof, which guides you back far into the past.

Of course, one of the most famous palaces is the grand Munich Residence, a sample of elegant nobility. It developed from a small water castle built in 1385 and was until 1918 the main governmental centre of the royal Wittelsbacher family. It surprises by its vast size and the beauty of its rooms. Almost nowhere there is a comparable cultural highlight combined with Southern savoir vivre.
